Vikash Kumar Dubey

QA (Quality Assurance) Tester

PROJECT -1

E-Commerce Application
Manual Testing

- Performed manual testing of an e-commerce web application covering login, registration, cart, and checkout functionalities.
- Created and executed test cases, validated UI/functional behaviour, and logged defects for correction.
- Practised end-to-end testing workflows and learned QA processes such as STLC, defect tracking, and regression testing.

PROJECTS -2

Library Management System
Manual Testing

- Performed manual testing on a Library Management System covering modules such as Book Search, Student Login, Book Issue, and Return.
- Created detailed **test cases** based on functional requirements for each module.
- Verified UI validations, field-level checks, and data consistency for student and book records.
- Conducted **smoke testing**, **functional testing**, and **regression testing** during iterative releases.

Summary

- Recent BCA graduate with a keen interest in software testing. Good understanding of manual testing concepts including test case writing, execution, and bug reporting.
- Completed hands-on projects in e-commerce and management systems. Ability to analyze requirements, identify issues, and ensure smooth user workflows.
- Looking for an opportunity to start a career in software testing.

SKILLS

Hard Skills:
- Bug Tracking
- Black Box Testing
- Regression Testing
- Software Testing
- Smoke Testing
- User Acceptance Testing
- UI / UX Testing
- Bug Life Cycle

Techniques:
- Test Automation
- Agile Methodologies
- Quality Assurance

Tools:
- SQL
- Selenium
- Python
- C
- EXCEL
- MS-WORD
- HTML

Soft Skills:
- Quick Learner
- Detail-Oriented
- Problem Solving
- Team Collaboration
- Time Management

Language Known:
- English
- Hindi

EDUCATION
- **MCA,** (IGNOU)-PURSUING SEM -1
- **BCA -2025**, (MMHAP, UNIVERSITY, PATNA)
